Looking Up Departmental Honors Courses

Follow the instructions above but in step 2, go to the name of the department. In the example below the Accounting Department has been chosen. Notice in the extreme right column under the word “Attribute” the words ‘University Honors’ are present for Accounting 210-001, but UH 210-002 is NOT an Honors course because it lacks the attribute. Most departmental courses have some iteration of the word “Honors” in the title of the course as well. However, it is always best to check for the official Honors attribute.
